UPDATE

1. The following list is what's been going on at the Curtis Merritt Harbor.

A. The subleases have been dropping off this summer I think it is due to the price of gas and the fishing reg.

B. They have finished the bathhouse/office building. We have had a few problems with the locks (timer) it is working fine now with no complaints.

C. We have received a grant to replace the seawall and build the bulkhead on the west side of the harbor we are in the working / planning phase and hopefully we will be able to start the project this fall.

D. I have had a few complaints I will discuss them at the committee meeting.
